Response to Amendment

Applicant's amendment dated 09/18/2001 has been received and entered.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

1. Claims 1-9 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Ishikawa et al., US Patent No. 6,027,221 , in view of Seki et al., US Patent No. 4,519,686, as stated in the previous office action.

Applicants contend that the guide plate of the present invention differs from the focusing screen of Seki in both function and design. The Examiner respectfully disagrees with the applicant's viewpoint and respectfully invited the applicant to review the Seki et al. figures 1 and 2C in which Seki et al. clearly disclose a surface of the guide light having a plurality of portion with a different roughness degree as claimed. It should be noted that the Ishikawa et al. light guide is modified to take an advantage of the surface of the Seki et al. in order to get a brightness display (see col. 2) while Applicants' argument based on the combination of the Seki et al. light guide to the Ishikawa et al. device.

Accordingly, the rejection of claims 1-9 stand.

Response to Arguments

2. Applicant's arguments filed 09/18/2001 have been fully considered but they are not persuasive as noted above.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
